EVANGELISM TRAINING PROGRAM

COURSE DESCRIPTION

FOUNDATION FOR MIRACLES

Course Description

As part of the Biblical Foundations curriculum, the *Foundation For Miracles* course is both central and vital to a victorious Christian life as well as to your preparation for ministry. This study provides components necessary to your experiencing miracles and healing both personally and in ministry.

We will explore 3 vital questions that must be answered and affirmed before faith in God's miracle power can be established.

Miracles confirm that God is a good God! They confirm that He is alive and not dead!

Course Objective

Through this course, you will establish a foundation for faith and expectation, a clear understanding of God's ability and willingness to accomplish the miraculous within your life and through your life.

These truths will provide certainty that Jesus is not only your savior but also your healer. This course will better equip you to access all that God has destined for you to have and experience – all that God planned for you from the beginning of time.

Learning Outcomes

- Identifying required foundational building blocks to a miracle life.
- Identifying the 4 primary purposes for miracles.
- Affirming that God is ready, willing and able!
- Identifying why God wants to heal.
- Identifying essential elements of healing.
- Proving that healing is part of our covenant with God.
